

Reporting of domestic sales of active substances and plant protection products in Austria for the previous calendar year

According to section 6 (1) of the Austrian Plant Protection Products Ordinance 2011, BGBl. II No. 233/2011 as amended,

- **authorisation and approval holders**
- **distributors according to section 13 (1)** of the Plant Protection Products Ordinance 2011

are required to report to the Federal Office for Food Safety in writing the following:

1. the names (according to internationally accepted or equivalent, generally common designations) and the quantities of the individual active substances of the plant protection products that have been placed on the market in Austria during a year as well as those which have been exported from Austria during a year and
2. the trading names, authorisation number and quantities of the plant protection products that have been placed on the market in Austria during a year as well as those which have been exported from Austria during a year

The notification has to be submitted within two months after the previous calendar year. Please use the reporting form sheet that is published on our website under the following address:

<http://www.baes.gv.at/pflanzenschutzmittel/wirkstoff-und-pflanzenschutzmittelmengen-meldung/>

Please send the completed form in electronic and in paper form to the following addresses:

E-mail address: irene.schiller@ages.at and gerhard.gettinger@ages.at

Postal address: Bundesamt für Ernährungssicherheit
p.A. Österreichische Agentur für Gesundheit und Ernährungssicherheit GmbH
Institut für Pflanzenschutzmittelzulassung
1220 Wien, Spargelfeldstraße 191

If in the previous calendar year no pesticides in Austria were placed on the market or exported, please send an appropriate information by fax or e-mail.

Obligated to notify is the one who placed the product on the market for the first time in Austria. If the authorisation or approval holder himself does not place the plant protection products on the market, he is asked to clarify with the distributor(s), who will inform the Federal Office for Food Safety about the quantities of active substances. It must be ensured that all quantities are declared just once. If the notification will be made by the distributor(s) please inform us which company/companies will make it.
